

- **Traps spills** and leaks so you don't have to worry about mess or ground contamination
- **Fentex Engineered** for outstanding performance and great value
- **No additional tray** needed with the containment mat design
- **Non-slip vinyl base** contains contaminants protecting the environment
- **Tough mesh grid** withstands heavy use
- **Eyelets at each corner** for pegging to the ground or hanging from under plant if required
- **Hydrophobic inner material** will not absorb rainwater
- **More cost-effective** than other pad or nappy-style products
